

Ladies and Gentlemen:

There is little need to point out the environmental and wildlife disaster facing us caused by the catastrophic oil spill in the Gulf of Mexico. The Tavilla Family as well as the Strand Staff are committed to doing what we can to support those on the front lines attempting to save both the environment and the wildlife that inhabit the affected areas. We have a moral obligation to help any way we can. They need all the support we can give.

In that effort, we need YOUR HELP. We will accept donations of the specific materials desperately needed to save what we can of our ecosystem and animal friends. A list of specific materials requested by front line volunteers is detailed below. PLEASE, we owe it to the future of our families, our friends and the future of all.

Bring what you can to the Club now through June 18, 2010. We will see that it gets to those who need it.

Thank you in advance for your generous support during this catastrophic event.

Items Needed:
